

JOINT KNOWLEDGE ONLINE

JKO/ADL Mobile

Joint Knowledge Online (JKO) / Advanced Distributed Learning (ADL) Mobile is a collaborative effort to deliver a free mobile Application (App) that provides access to unclassified, releasable, mobile training and performance aiding content using Apple and Android mobile phones and tablets. The JKO Mobile App is available in Apple and Android App stores, for use on Apple and Android tablets and phones.

How to Get Started:

1. **Complete the "Introduction to JKO Mobile (J7OP-US1126)" course on JKO** by going to <https://jkodirect.jten.mil>. Search for the course by name or course number from the course catalog tab, then enroll and launch to complete the course.
2. **Record your Personal Identification Number (PIN)** that is activated as part of completing the JKO Mobile course. Your PIN controls access to the JKO Mobile App and enables course completions to be sent to your training history on the JKO desktop system.
3. **Download and Install the JKO Mobile App** from your Apple or Android App store, type in your PIN and download available courses from the App's "Download" section.
4. **Complete training courses on your mobile device.** Course completion records are sent to the JKO desktop system upon a successful "Sync" of your device ("Sync" requires connection via Wi-Fi or a mobile data plan). Your mobile course completion certificates are stored and available to print from the "Open My Training History" section of your JKO desktop account.
5. For questions please contact the JKO Help Desk at 757-203-5654 or jkohelpdesk@jten.mil.

The JKO Mobile App can be downloaded to an Apple iPad, iPod, and iPhone as well as an Android tablet and phone.

With JKO Mobile you can:

- **Get the latest JKO news**
- **Complete courses**
- **Download job aids**

JKO Mobile is a training capability delivered by the JKO/ADL Mobile Pilot Program - a collaboration between JKO and ADL Initiative's Partnership Labs to access training and education using mobile devices.

JKO

Joint Knowledge Online is the Department of Defense (DoD) unique and authoritative distributed learning capability that delivers global, 24/7 access to Web-based, immersive, interactive training and joint learning resources. It is the Office of the Secretary of Defense (OSD)-sponsored Joint Staff system of record for joint mandatory training.

ADL

Advanced Distributed Learning (ADL) is the Department of Defense (DoD) Office of the Deputy Assistant Secretary of Defense (Readiness) initiative to harness the power of learning and information technologies and to standardize and modernize education and training.

PARTNERSHIP LAB NETWORK

Partnership Labs work within their country and with other Partnership Labs and ADL to further ADL's vision and to develop and disseminate common guidelines, lessons learned, and tutorials for ADL and to share resources among all stakeholders. ADL Partnership Labs are participating in the JKO/ADL Mobile initiative to enhance the ability to share coalition training using mobile devices.
